Contents

- A brief about OPC
- What is HKC?
- How HKC is structured?
- Philanthropic platforms and themes-based approaches
- Revenue generation models of HKC
- OPC historical facts
- Collaboration and partnerships

What is HKC?

HKC is a program to provide philanthropic services for holistic wellness of living beings & nature through “themes-based activities” based on “Health”, “Knowledge” & “Culture”

A few examples of HKC projects....

Health

- Tele medical consultancy with prominent doctors
- Medical camps on specific areas
- Study on health impact due to climate change

Knowledge

- Competitive exam libraries
- Counselling desks for academic and career related matters
- Tour for students within 100 Km distance of their study centers

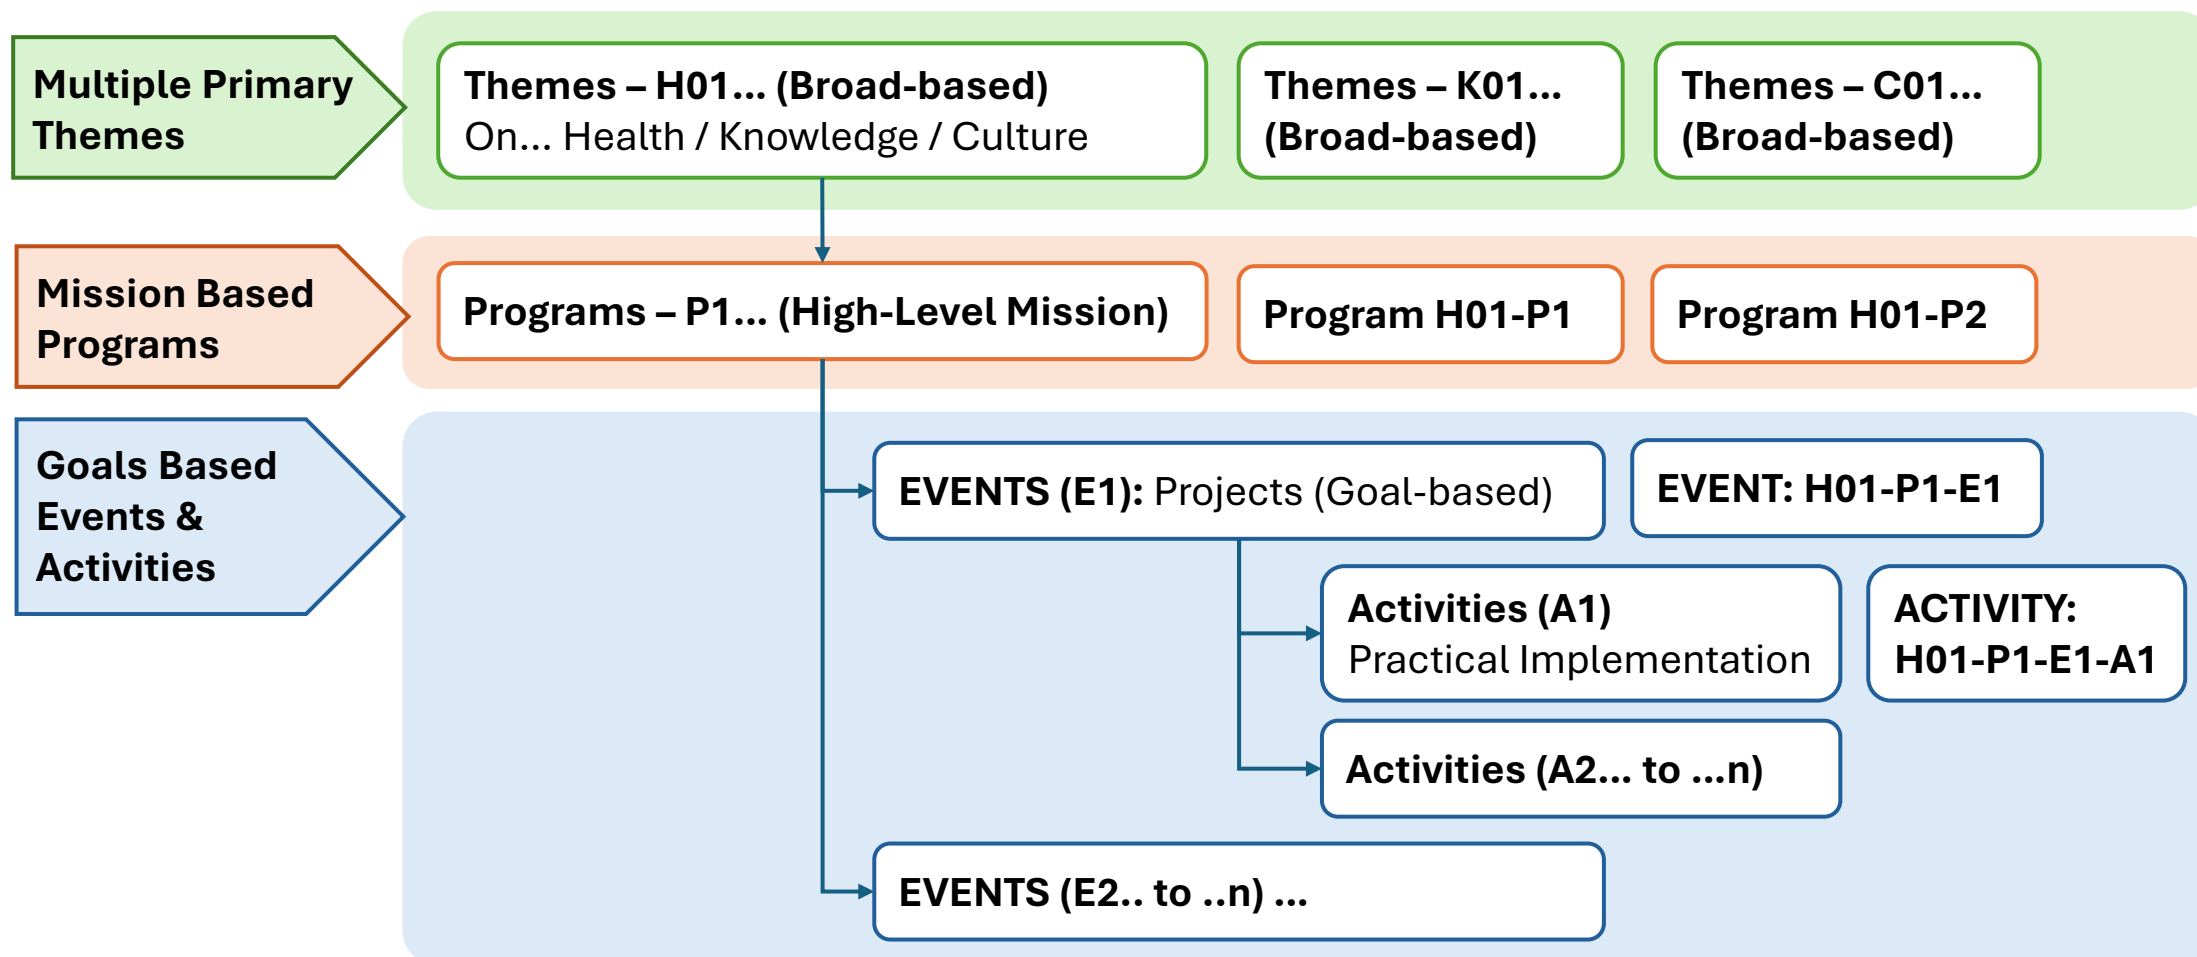

Culture

- Sea and land-based expeditions
- Audit-visual rooms to experience themes-based concepts
- Theme-based virtual lectures

How HKC is structured?

*All HKC initiatives are based on “themes”. Events are classified based on Static or Dynamic platforms**

* If an activity involves moving from place to place it is classified as ‘dynamic’ else otherwise it is classified as ‘static’
